ATTENDEES

Attendees

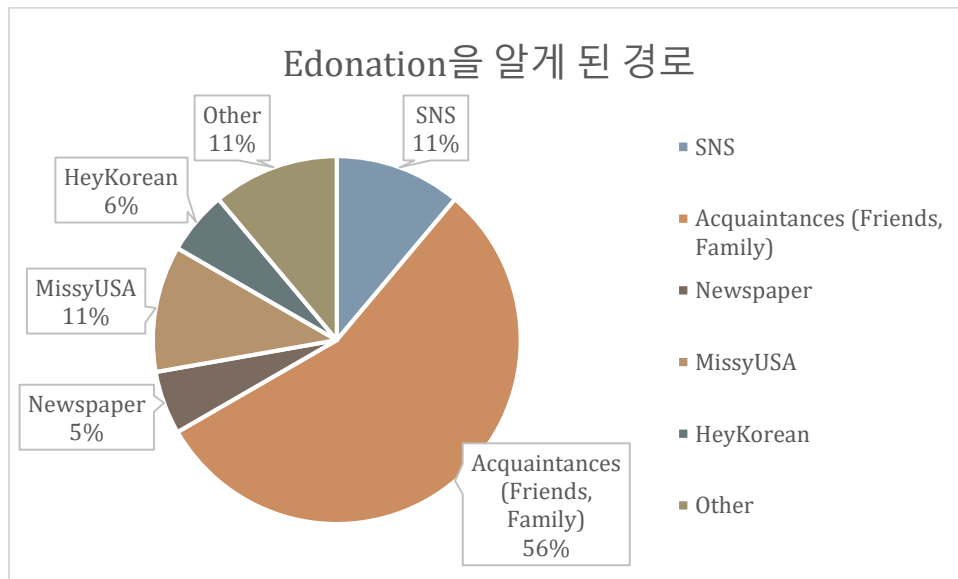

PARENTS & STUDENTS

Evidently, there were a lot more parents than students. From our estimation, more students were expected to come, as we permitted skipping of the SAT classes held on the same day; however, we could see more presence of parents interested in the application process for their children.

만족도 FEEDBACK

WEAKNESSES / RECOMMENDED FIELDS

LOOKING AHEAD

For this year's event, 3 weeks were given—1 week for poster production, and 2 weeks to PR. PR time was not sufficient and some happenings led to slower process. Next time, plan to PR at least 3 weeks in advance, and have a structured timeline for the event day.
